SPA QUALITY
NATURAL PET PRODUCTS

PUGSLEY'S CHOICE spa quality products are uniquely formulated to promote healthy skin and coat, using only the finest natural ingredients. These wonderful ingredients are nature's natural remedies and can be used with confidence that your pet, your family and the environment are not being harmed. Aromatically scented, these botanically based products are safe alternatives for lasting health of pet and owner. Our belief is that if you cannot put the product on yourself, you should not be using it on your pet!

Good for your pet.
Good for humans.
Good for the environment.

.....because your dog has sensitive skin, too!

"FUR-ESH"

Super Conditioning Pet Shampoo

Create a truly comforting "spa" experience for your pet when you use this natural, gentle conditioning and deodorizing shampoo. "FUR-ESH" softens and adds shine to fur for a longlasting clean that repels dirt and odors. "FUR-ESH" rinses clean with no residue and contains no harsh detergents that can irritate the eyes and dry the skin. It's a fresher, brighter clean that is safe, even for nursing pets.

Available in 8oz, 16oz and 1 gallon sizes

"STOP BUG-GIN' ME!"

Flea and Tick Repellent

Nothing is more miserable or dangerous for your pet than fleas, ticks, flies, mosquitoes and other aggressive bugs that can spread disease and make your pet sick. "Stop Bug-gin' Me!" is the safe, natural way to repel biting insects and give your pet long-lasting protection. This gentle, but powerful formula contains vanilla, tangerine, geraniol and geranium—nature's own insect repellents—as well as conditioners for the skin and hair. "Stop Bug-gin' Me!" is non-toxic, won't sting the eyes and can even be used on nursing animals.

Available in 8oz and 16oz sizes

"FUR-EE"

Detangler and Glosser for Dogs

This natural, safe and gentle formula immediately removes tangles, clumps—even burrs and brambles—as it smooths the coat, leaving it manageable and glossy without heavy, waxy build up. Avocado and rice bran oils soften and moisturize for better overall health, while natural sun protection helps preserve coat and skin. The light scent, superior detangling performance and show-quality shine make grooming a pleasure for you and your dog.

Available in 8oz and 16oz sizes

"SNIFF-IT"

Pet Odor Eradicator

Don't let a little odor (or a big one) make you miss a hug! "Sniff-It" neutralizes odors on contact with a natural formula that is gentle and safe for your pet. A mild fragrance tells you it's working while powerful enzymes eliminate unpleasant smells. "Sniff-It" also permanently neutralizes odors from accidents without staining carpet or upholstery.

Available in 8oz and 16oz sizes

Pugsley cares about every kind of pet and counts horses, dogs, cats, birds bugs and humans among his closest friends. That's why we made PUGSLEY'S CHOICE to work equally well on all furry friends. That's also why PUGSLEY'S CHOICE is made from natural ingredients that are very effective and very safe for you and your pet.
